Sealed Tenders in 2 (TWO) sets (one original and 1 copy) are invited for the execution of following works:

Name of Works: Supply of Manpower (Skilled, Semi-skilled & Unskilled) for Maintenance of Communication System of Uranium Ore Process Plant

1	Earnest Money Deposit	:	Rs. 5,720/-
2	Cost of Tender	:	Rs.200/-
3	Estimated value of work	:	Rs. 2,86,144/- (Inclusive of Service Tax)
4	Date of Commencement of sale of Tender document	:	20/04/2017
5	Date of Closing of Sale of Tender document	:	27/04/2017
6	Last date of receiving of completed Tender	:	28/04/2017 at 12.00 Noon
7	Tender Opening Date	:	28/04/2017 at 3.30 PM

The bidder should have experience of having successfully completed similar works during last 6 years ending 31.03.2017 as at (a) or (b) or (c) below:

- One similar completed work costing not less than Rs 2.29 Lakhs
- Two similar completed works each costing not less than Rs 1.43 Lakhs.
- Three similar completed works each costing not less than Rs 1.14 Lakhs-

'Similar Works' means supply of manpower in a process plant.

Documentary evidence in the form of Certificates from clients / Work Order copies specifying the work and the amount of contract should be submitted.

Tender document can be obtained from the Office of the Addl. Manager (Administration), UCIL, TURAMDIIH on payment of cost of the Tender document fixed thereon (non-refundable) in cash or Bank Draft, payable at State Bank Of India, Jaduguda Branch, Code No. 0227. The Tender Documents shall be available on all working days except Sundays and Holidays as per timing specified below.

Monday to Saturday : From 8.00 AM To 12.00 Noon and 03.00 PM To 5.00 PM

Tender documents can be downloaded from our website- www.uraniumcorp.in. In such a case, the tender document fee in the form of DD drawn in favour of "M/s URANIUM CORPORATION OF INDIA LIMITED" payable at State Bank of India, Jaduguda Branch, Code No. 0227 and other documents as prescribed above must be submitted along with the technical proposal failing which the offer will not be considered.

Alternatively, cost of tender fee may be paid through SBI Collect Challan. This will operate at all branches of SBI in India. Format of Challan is enclosed is given at page no 22 of this NIT. Cost of tender document in SBI Bank Challan (UCIL Copy) shall be submitted in separate sealed envelope, super scribing- Cost of Tender Document NIT No, Name of Work, Name of Tenderer and date of tender opening.

The tenders are to be submitted in Single Part i.e. Part-IA, Technical & Commercial Terms & Conditions and Part-IB, Price proposal, to the Addl. Manager (Personnel), Uranium Corporation of India Limited, Turamdih, P.O.: Sundernagar, District: Singhbhum (East), Jharkhand – 832 107 to reach him on or before the date & time fixed for receiving the bid. Telex, telegraphic or email bids will not be entertained. The sealed outer cover should contain two envelopes, each sealed and marked with NIT no. closing date and general description of work tendered for and type of bid. One sealed envelope should contain technical proposal and commercial terms and conditions

and the other sealed envelope price proposal; both envelopes should be enclosed in an outer sealed cover which should be super-scribed with NIT No. and general description of the work quoted for

Offers will be opened on due date as mentioned above by the Corporation's authorized representative(s) in the presence of Tenderers who are present.

Tenders received without earnest money are likely to be rejected. Tenderer shall enclose the Bank Draft or the Earnest Money in separate envelope and shall enclose the same in the envelope containing technical proposal.

The Corporation reserves the right to accept or reject any or all the tenders in full or part and the tenderers shall be bound to perform the same at his quoted rates

for Chairman & Managing Director
Uranium Corporation of India Limited

A. JOB DESCRIPTION & SCOPE OF WORK

1. **JOB DESCRIPTION & SCOPE OF WORK:** UCIL is interested to invite offer for supply of manpower for the maintenance of Communication System (i.e.-Telephone Distribution Network, Public Address System and Closed Circuit Television System) of Turamdih Process Plant. The party should have pool of Skilled, Semiskilled and Unskilled manpower. Persons deputed at site should be capable to take-up the job assigned to them without need of any sort of training. Brief description of telephone distribution network, CCTV and public address system is given below:
 - a. Telephone Distribution Network: One 400 line EPABX is installed in Turamdih Mines area. Out of 400 lines, 125 lines are used in Turamdih Mill and terminated in junction box located near to Main Receiving Station (MRS). Multi pair Armoured Cables/ Twin Flat cables/ Drop Wires are laid inside the plant to distribute telephone lines in all critical areas through junction boxes. Fax Machines, Push Button and Rotary Dial Type phones are provided in the plant. In some places plan 1+1, Cordless Phones, Speaker Phones and Fax Machines are also provided. **Maintenance of EPABX is excluded from the scope of present tender**
 - b. Public Address System: Public Address System has been provided to establish one-way communication between Local Panel Rooms (LPR), Central Control Room (CCR) and field. Main component of P.A. System are Amplifiers, Loud Speakers, Mike and Switcher.
 - c. Closed Circuit Television System: To monitor the critical equipment and various process streams remotely, CCTV system has been provided. Day/ night fixed and PTZ cameras, Multiplexer, Joystick/ keyboard, CRT/ LCD monitors are major components of CCTV System

NOTE: One set of operation and maintenance manual of all instruments, covered under AMC, shall be provided to the contractor. All maintenance jobs are to done as per OEM recommendation
2. **SCOPE OF WORK:** This specification include maintenance work of CCTV, Telephone and PA system distribution network of Turamdih Mill. The work excludes the telephone exchange and their peripherals up to MDF. It includes the cable network of CCTV, telephones and PA system. The maintenance work is to be carried out on subscriber lines i.e. cables, wires, JBs, fittings & telephone instruments.. The work includes cleaning of equipments, maintenance of tel. instruments, speakers, installation & removal of telephones, JBs, speakers, GI pipes, conduits, PVC batten and attending of telephone & PA system complaints, finding of line faults, their rectification & testing etc. The work includes telephone shifting, connection, disconnection and repair, testing of telephones and speakers, Fax Machines, updating, maintaining the drawings, records & files etc. The work also includes excavation of cable trench, laying of cable, installation of JBs, MS conduit, casing capping and jointing of cables at Plant and colony. Cleaning of CCTV lenses, Camera Housing, Focus adjustment etc of complete CCTV system.
3. **JOB REQUIREMENT:** Tenderer has to provide support in carrying out the preventive maintenance, and attend breakdowns of CCTV system, telephone distribution network and public address system. All spares required for maintenance shall be provided by UCIL as 'Free Supply Items'.
 - a. **Maintenance Work: Telephone Distribution Network:**
 - i. Attending of telephone complaints, finding of line faults, their rectification & testing etc.
 - ii. The work includes telephone shifting, connection, disconnection.
 - iii. Updating, maintaining the drawings, records & files etc.
 - iv. Installation/ Replacement of JBs, MS conduit, casing capping and jointing of cables.
 - v. The contractor shall maintain log-book of the maintenance job carried out and defects found.
 - vi. Cleaning of equipments, maintenance of tel. instruments.
 - vii. Periodic checking of junction boxes.
 - viii. Drop wire laying & termination.
 - ix. Twin flat cable laying & termination under casing and capping.
 - x. Armoured 5/20/50 Pair cable laying & Termination in existing cable trenches/ cable trays.
 - xi. Armoured 5/20/50 Pair cable laying & Termination underground. The work also includes excavation and back filling of cable trench after laying of cable.
 - b. **Maintenance Work: Public Address System:**
 - i. Attending of PA system complaints, finding of line faults, their rectification & testing etc.
 - ii. Checking and adjustment of volume levels in all the speakers.
 - iii. Replacement of defective Mikes/ Amplifiers/ Switchers/ Speakers etc. by removing the defective equipment from their position.

- iv. The contractor shall maintain log-book of the maintenance job carried out and defects found.
 - v. Cleaning of equipments, maintenance of instruments.
 - vi. Armoured signal cable laying & Termination in existing cable trenches/ cable trays.
 - vii. Armoured signal cable laying & Termination underground. The work also includes excavation and back filling of cable trench after laying of cable.
- c. **Maintenance Work: CCTV System:**
- i. Cleaning of CCTV lenses, Camera Housing, Focus adjustment etc of complete CCTV system.
 - ii. Replacement of defective Camera/ Lenses /Switchers/ Multiplexer/ Monitors etc. by removing the defective equipment from their position.
 - iii. The contractor shall maintain log-book of the maintenance job carried out and defects found.
 - iv. Armoured signal and control cable laying & Termination in existing cable trenches/ cable trays.
 - v. Armoured signal and control cable laying & Termination underground. The work also includes excavation and back filling of cable trench after laying of cable.
4. **SUPERVISION AND WORKFORCE:** Contractor has to provide supervision and workforce to maintain the Communication of Turamdih Mill on Round the Clock basis.
- a. One competent "Maintenance Supervisor (Skilled Manpower category)" to co-ordinate all activities of maintenance of Communication System of a modern process plant shall be deputed at site exclusively for present tender. Maintenance Supervisor will have total responsibility of
 - i. General Shift management
 - ii. Planning and execution of Preventive and Breakdown maintenance
 - iii. Adequate inventory of spares and consumables
 - b. Maintenance Supervisor will be in general shift. The head quarter of maintenance Supervisor will be "Turamdih Ore Processing Plant" and he should give his full time to supervision of maintenance work and whose duties and responsibility should be in totality.
 - c. The contractor should deploy only such persons who are careful, skilled and experienced in their respective trade and whose qualification and experience meet the tender requirement. Some relaxation for technician in qualification and experience may be considered on case-to-case basis for highly deserving candidates suitable for the job depending on the interview performance and trade test. Trade test of work force will be taken by a team of UCIL and workforce will be approved after satisfactory performance
5. **RESOURCE DEPLOYMENT:** Contractor shall have to provide full time resident maintenance personnel as per following details. The necessary documents regarding their qualifications and experience should be submitted along with acceptance letter of work order. (The contractor shall not mention the rate separately). The minimum desirable qualification and experience are given below (TABLE-1):

TABLE - 1

Manpower Type	Qualification	Responsibilities
Supervisor (Skilled Category)	Graduate with 4 years experience in Communication System / C & I System	All drawings updating of networks, directories updating and other associated field supervision works. Taking necessary instructions from engineer-in-charge and coordination of work
Technician (Semi-skilled Category)	ITI. with minimum 3 year work experience Or 10th Pass with 6 year work experience in the area of CCTV, telephone, PA system , electrical and electronics maintenance work	He will primarily be responsible for complete maintenance of CCTV, telephone network, PA system network and all other work assign by engineer-in charge
Helper (Unskilled Category)	8 th Pass with 2 year work experience in the area of CCTV, telephone, PA system, electrical and electronics maintenance work	All types of works like cleaning, lifting of tools & equipments etc

*Total nos. of working days for 'General Shift' is 6 per week. Sunday is weekly off for General Shift

- a. Maintenance persons should be available at all times. They can also be called at any time. Contractor should attend the faults immediately. In case he fails to attend within 24 Hours, he should inform the matter to the Engineer-In-Charge, with the reasons for not attending the same.
- b. There shall be an engineer-in-charge or his representative who will look after the entire job being performed by the contractor.
- c. The contractor has to ensure that his staff will be available on all working days and in case of holidays and Sundays, the team should be available as and when desired by Engineer-in-charge or his representative.
- d. The resident staff of the contractor will not leave headquarter without taking prior permission of engineer-in-charge.
- e. If the person is going on leave, then the contractor have to make alternate arrangement and the person deputed have to get full feed back session from the person who is going on the leave.
- f. Numbers mentioned above is the bare minimum requirement to maintain communication system efficiently on round the clock basis. Tenderer has to ensure availability of adequate resources to attend major breakdown or shutdown at site in specified time frame. In case of considerable increase in quantities, additional resources will be required to complete the job. Deployment of additional resources is in the scope of this tender. Therefore, extra claim against deployment of additional resources will not be considered.
- g. Since plant is spread over large area, frequent movement of men and machine will be required to attend the fault in minimum possible time.
- h. The personnel employed by the contractor shall be skilled, experienced , and careful in their several trades in similar works and shall possess the necessary licenses may be required by the statutory rule governing the installation & commissioning work included in the specification and schedule of rates of the contract.
- i. Contractor shall furnish details of the qualifications and experience of all proposed contract employees including their experience in maintenance of communication system.
- j. The maintenance contract covers maintenance work of CCTV, PA system & Telephone distribution network of Turamdih Mill only.
- k. The maintenance contract includes labour, service, repairing/ replacement of defective components of CCTV, telephone instruments, PA speakers etc. for the entire period of contract.
- l. Preventive Maintenance (PM) also includes the cleaning of CCTV Lenses, telephone instruments / PA speakers, Focus adjustment of CCTV Cameras, which shall be done as per maintenance schedule.
- m. While attending the service call, the Service Supervisor shall first communicate the faults detected to the engineer-in-charge or his representative and as per his advice; further action for replacement/ repair shall be carried out.
- n. The contractor shall maintain log-book of the maintenance job carried out and defects found and rectified.
- o. All types of tools, devices required to perform specified works including any temporary arrangement which may be necessary during maintenance work at work place shall be arranged by UCIL.
- p. The shifting of components if required will be done by the contractor under the guidance/instruction of engineer-in-charge or his representative.

6. PENALTY:

- a. **Absenteeism:** There is a provision of imposing penalty charges on the contractor if the contractor is not able to maintain the system as desired. Contractor has to supply total 6 person per day. Penalty will be imposed on pro-rata basis for short supply of manpower on day-to-day basis as given below.

S.No.	Description	Penalty
1	Up to total 5 person supplied per day	No Penalty
2	Below 5 & up to 3 person supplied per day	10% of per day rate of each category
3	Below 3 person supplied per day	20% of per day rate of each category

- b. Once the penalty is imposed and amount deducted towards penalty, will neither be refunded nor the contractor shall make any claim. There will be no upper limit on the total amount of the penalty.
- c. The penalty charges, if imposed shall be recovered from the running account bill
7. **COMPLAINT /CALL:** The complaint format shall be mutually decided by Engineer-In-charge. The complaints can be registered in any of the forms - phone call/ written request etc.
- a. Contractor shall monitor call status information and solve the problem to the full satisfaction of users. Also the contractor shall provide feedback regularly to the users. Contractor shall keep upto-date record of complaints which can form a database for taking future corrective decisions.
- b. Contractor shall maintain a comprehensive register of the Communication Assets covering all details.
- c. Contractor shall ensure that no items taken out of UCIL premises without necessary approvals.
8. **SUBCONTRACT:** The contractor will not sublet any part of the work to anybody else.
9. **INSTALLATION, TESTING, COMMISSIONING:** The installation, testing and commissioning shall be carried out in accordance with the latest approved standard/ITD/IS specification. The laying of Telephone cable shall be done as per specification mention in the Job Description.
10. **WORKMENSHP:** Good workmanship and neat finished appearance are the prerequisite for complying with the clauses of these specifications. With a view to ensure fine workmanship the tenderers shall employ skilled workers in the type of work they are engaged. The work should be done under the supervision of supervisors with good educational qualifications and considerable experience. Tenders shall furnish the name of Supervisors who will be engaged in this work with details of their experience.
11. **PAINTING:** After completion of installation and testing of all equipment MS boxes, JB's, conduit etc. shall given two coats of paint of the approved mark and color.
12. The scope of this specification related to transportation, laying, testing and commissioning of telephone cable.
13. All equipments and materials specified in the schedule as departmental free supply will be made available at central store, UCIL, TURAMDIIH Store in good condition as received from supplier contractor shall transport all equipment and materials in phased manner to erection site for installation. The equipment shall be erected, tested and pre-commissioning checks done instruct accordance with manufacture's drawings, instruction manuals and Engineer-in-charge layout drawings. Any defect in erection discovered while testing shall be rectified by the contractor at his own risk and cost to the complete satisfactions of the engineer. Any damage to materials suffered during transportation from site exchange to the erection site and during erection shall be rectified by the contractor at his own risk and cost to complete satisfactory or Engineer.
14. **NEW JOBS:** Shifting of telephone connection, new telephone connection disconnection of telephone connection, supply and installation of M.S conduit, laying of single /two pair telephone. cable, supply and installation of telephone plug Sockets with top, laying of UG cable including supply of sand & bricks, excavation and back filling etc. as per ITD specification, supply and installation of JB as specified.

B. Terms & Conditions

1	CONTRACT PERIOD	The period of proposed tender is THREE MONTHS from the date of issue of work order, which may be extended further subject to satisfactory completion of the contact period.
2	EMD	EMD is to be paid either in cash / Bank Guarantee from nationalize bank /Bank Draft, in favour Uranium Corporation of India Limited, payable at State Bank Of India, Jaduguda Branch, Code No. 0227. Tenders received without earnest money deposit shall be summarily rejected. No interest shall be payable by the company to the bidder for the amount of EMD.
3	OFFER VALIDITY	Offers shall be valid for 120 days effective from the date of tender opening
4	FIRM PRICE	The quoted rate shall be firm till the work execution period
5	TERMS OF PAYMENT	The contractor shall submit the monthly bill in triplicate to UCIL the payment for the completed work shall be released against monthly RA (Running Account). The contractor shall submit his bills immediately after completion of the month. UCIL will make payment to contractor within 30 days from the date of submission of bill.
6	RATES IN WORDS & FIGURES	a In case of item rate tenders, only rates quoted shall be considered.
		b Rates shall be filled properly so that there is no discrepancy in rates written in figure and words. However, if a discrepancy is found, the rates which correspond with the amount worked out by the contractor shall unless otherwise proved be taken as correct. If the amount of an item is not worked out by the contractor or it does not correspond with the rates written either in figure or in words then the rates quoted by the contractor in words shall be taken as correct.
		c Where the rates quoted by the contractor in figure and in words tally but the amount is not worked out correctly, the rate quoted by the contractor will unless otherwise proved be taken as correct and not the amount. In event no rate has been quoted for any item (s) then rate for such item (s) will be considered as zero.
7	SECURITY DEPOSIT	a Total amount of security deposit will be 5% of total value of the work. Security deposit is to be paid either in cash or Bank Draft, in favor Uranium Corporation of India Limited, payable at State Bank Of India, Jaduguda Branch, Code No. 0227 alternatively security deposit will be recovered @ 10 % from each running bill till the full security deposit is recovered.
		B The security deposit shall remain at the entire disposal of the company as a security for the satisfactory execution and completion of works in accordance with the conditions of contract.
		C The company shall be at liberty to deduct any appropriate sum from the security deposit for such completion and dues as may be payable by the contractor under the contract and the appropriation will be made good by further deductions from the contractors subsequent interim bills in the same manner as aforesaid until the security is resorted to is full limit mentioned above.
		d No interest shall be payable by the company to the contractor for the amount of Security Deposit
8	TAXES & DUTIES	The rate quoted should be inclusive of all taxes and duties, but exclusive of Service Tax. The tenderer should submit Service Tax registration and number along with the offer.
9	COMMENCEMENT OF WORK	Successful bidder has to commence the work within 7 days from the date of issue of work order. Failing which, work order may be cancelled.

10	INCOME TAX / WORK CONTRACT TAX	Income tax shall be deducted as per I.T. Act. Income Tax & Work Contract Tax, if applicable, shall be deducted from your bills
11	REIMBURSEMENT FOR VARIATION IN TAXES	The Contractor will be paid at actual against production of documentary evidence for any variation in statutory taxes, duties etc. or any imposition of new Governmental taxes /duties during the Contract execution etc. period. For this purpose, the bidder should indicate clearly in his price bid the details of taxes and duties considered for all those major items for which he intends to claim for such reimbursement.
12	MEDICAL CARE	a) The Contractor shall be fully responsible for first aid and emergency medical treatment to his employee at site. The Contractor at site shall make necessary arrangement for this purpose. In serious cases, medical facilities of UCIL may be available to the Contractor on chargeable basis
		b) The medical supervision of Contractor over his employee shall include anti-malaria measures, vaccination against small pox, and inoculations against cholera, typhoid and other infectious diseases. Employees suffering from infectious disease shall be removed as soon as detected. If any case of infectious disease were discovered amongst the employees, it must at once be reported to the UCIL. The Contractor shall abide by the provisions of the Employees State Insurance Scheme as applicable
13	ACCEPTANCE OF BIDS:	a) The right is reserved to reject any or all tenders. The lowest tender will not necessarily be accepted. Any tender not supported by the information requested in the tender document will not be accepted.
		b) Along with the offer the documentary evidence to show the past experience of the supplier in the area of Communication System has to be submitted. Without the documentary evidence offer will not be accepted. The satisfactory completion certificate or satisfactory continuation certificate from a reputed company should be attached along with technical bid.
14	CARE IN SUBMISSION OF TENDER:	Before submitting the tender, the tenderer should satisfy himself by actual inspection of the site, approaches, availability of material, camping facilities for his workman etc and that all conditions liable to be encountered during execution of the works are taken in to account and that, the rates accepted are adequate and are inclusive of such conditions.
15	SECURITY RULES:	The tenderer shall follow at site all security rules as may be formed by the Corporation from time to time regarding movement of materials and equipment at site, issue of identity cards, control of entry of personnel, and all similar matters. Tenderer shall also follow all rules and regulations applicable to the area being declared / pronounced from time to time by the authorities. Nothing extra will be payable on account of stoppage / hindrance of work due to compliance of the said security rules.
16	FORCE MAJEURE:	The term "Force Majeure" is defined as follows: Any delay in the execution of works either directly or indirectly by any cause beyond the control of the Contractor and in particular, but without prejudice to the generally of the strikes, concerted action of workman, lockouts, fire, storms, floods, earthquake, riots, lightning or any other act of nature, war whether declared or not, insurrection, restraints imposed by the Government or Governments, Legislature or any other proper authority.
17	IDLE CLAIM:	Tenderers may please note that no claims will be entertained on account of idle work force, labour, manufacturing facility and machinery, stoppage of work, unprecedented rains, storm or any other unforeseen circumstances.

18	SETTLEMENT OF DISPUTE BY ARBITRATION:	All disputes arising during the execution of work or after the completion or abandonment thereof shall be referred to the sole arbitration of person appointed by the UCIL
19	CONTRACTOR'S ORGANISATION AND SET UP AT SITE:	Maintenance of Communication System of plant is very important because performance of the plant will depend on status of communication system. It is essential that the contractor's organisation at site is headed by a very experienced and responsible personnel of the Company. The Contract-in-charge will have to be senior enough to liaison with senior management of his organisation directly and will be vested with powers to take prompt decisions and actions. He has to organize the shift schedule in line shift schedule of UCIL, plan for maintenance and keep Communication system available all the time in healthy condition. The contractor should depute experienced manpower in round the clock shift to maintain the communication system. The experienced certificate and screening of personnel deputed for the said work has to be carried out in consultation with the UCIL. The workmen will be deployed based on experience and selection by interview. Before deployment the UCIL will take interview of individual workman in presence of the contractor and suitable candidates only will be selected based on their performance in the interview.
20	LABOUR:	The contractor shall employ labour in sufficient numbers to maintain the required rate of progress and of quality to ensure workmanship. The contractor should not employ in connection with the works any person who has not completed 18 years of age. The contractor shall obtain a valid license under contract labour act before the commencement of the work and continue to have a valid license until completion of the work. All facilities to workman, labourers, wages, leave, medical leave /maternity benefit, provident fund, housing, insurance etc shall be regulated as per GOVERNMENT LAWS and REGULATIONS. Insurance coverage for all the labourers and personnel working under the contractor shall be regulated as per standard government rules.
21	INSURANCE	The contractor shall take insurance under workmen compensation act for all his workmen to be deployed for the work and submit a copy of the policy before commencement of work if awarded
22	SAFETY MEASURES:	To avoid possible accidents to staff and labour employed on this job, it is imperative to observe the safety practices specified by the corporation and these shall be strictly followed. The tenderer shall be responsible for the observance and implementation of all safety precautions during execution of job in the plant. The tenderer shall comply with all applicable provisions of safety regulations and other precautionary measures, which the UCIL has in effect at the site.
23	SAFETY RULES:	Tenderer shall strictly follow the safety guidelines as per safety guide AERB/SG/IS-1. Some other salient points to be taken care of during executions of works are given below.
		a The Tenderer shall follow the safety regulations as prescribed in the tender and Indian Standards. He shall provide necessary safety appliances to his employees as instructed by the UCIL depending upon the nature of work.
		b In case of an accident resulting into any rest or disability to the workman the same should be immediately reported to the Safety Officer.
c Any person felt under the influence of alcohol or any intoxicating drugs on duty will be declared unfit for duty and should not be allowed to work. His entry pass would be confiscated and he should be sent out of the premises of the work / plant.		

d	Drums or other make shift arrangements must not be used in place of ladders or workbenches or supports on any job.
e	First Aid kits or boxes and stretchers should be readily accessible at all time with the Tenderer.
f	For all work that cannot be done from the ground level or from part of any permanent structure or from other available means of supports, soundly constructed scaffoldings of adequate strength shall be used as a safe means of access to place of work.
g	All scaffoldings shall be securely supported or suspended and whenever necessary be properly braced to ensure suitability.
h	Chains, ropes or other lifting materials used for the suspension of scaffolding must be of adequate strength and suitable quality and shall be tested quality.
i	The platforms of suspended scaffoldings shall be sufficiently wide. Suspended scaffoldings shall have handrail of about 1 meter height from the floor of the platform. Such scaffoldings or staging shall be fastened to prevent it from swaying away from the structure.
j	All sides of the platform from which a person is liable to fall shall be provided with guard rails to a height of at least 1 meter with the toe boards of at least 15 cm high so placed as to prevent the fall of materials and tools from the platforms.
k	Every ladder shall be securely fixed at top and bottom. A ladder more than 5 meters shall have a probe.
l	Spacing between the side rails of the ladder shall not be less than 45cms uniform step spacing shall not exceed 30 cms.
m	Whenever it is necessary to work at elevated places not adequately protected by railing, safety belts with lifelines securely tied to some firm structure or other support, which is independent of the equipment on which the person is working worn.
n	Nobody from contract workmen shall be allowed to work at elevated places without wearing Safety belts. As an additional precaution, safety nets made of coir rope or nylon or any other suitable material should be hung at suitable elevation to prevent people and equipment falling below.
o	Dropping or throwing materials from roof structures or other elevated positions is prohibited.
p	Where work is going overhead, the area below should be cordoned. If it is not possible to cordon the area place caution sign "CAUTION –MEN WORKING ABOVE" - or depute responsible person to warn passerby.+
q	Helmets ISI Mark (made of fiber glass or any other suitable material) must be used by all the employees working on jobs.
r	Material handling jobs or where the chances of falling objects are present or where there is a possibility of persons tracking against projecting objections etc.
s	All necessary personnel safety equipment such as face masks, safety helmets, safety boots, safety belts, gloves, safety goggles etc., as considered adequate by the UCIL have to be kept available for the use of person employed at the site of work and maintained in condition suitable for immediate use and tenderer shall take steps to ensure proper use of equipment by the workers.
t	The Tenderer shall use tubular steel for scaffolding for all heights more than 5- meter height as approved by the UCIL.
u	All the safety items have to be arranged by contractor confirming to relevant IS code in consultation with UCIL

24	FAIR WAGES	The wage paid to the workmen shall not be less than fair/minimum wages fixed by the Govt. from time to time. The tenderer is deemed to have taken this aspect in his unit rates estimation for various items of work covered under this contract. The tenderer shall record a certificate on every bill that minimum wages as applicable have been paid to all workmen. All Government / Departmental notification procedures issued in this regard shall be applicable to this contract.
25	DEVIATIONS FROM ORIGINAL TENDERS	The contractors should submit four (4) copies of any suggested deviations from the tendering documents in the bid itself for consideration by the UCIL. These deviations shall constitute part of the contract when approved by the UCIL.
26	LAYOUT	The location & layout of various buildings and other connected buildings are generally as indicated in the layout plan. The tenderer is requested to acquaint himself with location and layout of the various building structures, areas etc. before submission of offer.
27	SECRECY	All information's, drawings, designs and specifications imparted to the tenderer shall at all times, remain the absolute property of the Purchaser. The tenderer shall not use them for purposes other than for which they are provided for and shall treat all these documents as confidential. These shall not be reproduced in whole or in part for any other purpose. The tenderer shall use his best endeavors to ensure that such information are not divulged to third parties except where needed for the performance of the contract by the tenderer with the prior consent of the UCIL. In such cases, the tenderer shall ensure and obtain similar obligation of confidence from third parties in question. No photographs of the work or plant within the site premises shall be taken without the prior approval of the UCIL.
28	SUB-CONTRACTS	The Tenderer shall not sub contract the whole or any part of the work
29	TERMINATION OF CONTRACTS	UCIL may without prejudice to any other remedy for breach of contract by written notice of default same to the contractor, terminate the contract in whole or in part:
		a If the contractor fails to deliver any or all the services within the time period (s) & quality specified in contract.
		b If the contractor fails to perform any other obligation under the contract or
		c If the contractor in either of the above circumstance does not take remedial action for its failure within a period of 30 days after receipt of default notice from UCIL.
d If the action of the contractor, towards, maintenance of COMMUNICATION System affects operation of Plant, then termination of the contract will be made immediately. In the event the UCIL terminate the contract in whole or in part, pursuant to the above provision UCIL shall not pay any compensation in any form to the contractor for the left out work		
30	FORECLOSURE OF CONTRACT	If at any time after acceptance of the tender / during execution of Contractor work, the UCIL decides to abandon or reduce the scope of the works for any reason whatsoever and hence not require the whole or any part of the works to be carried out, the UCIL shall give notice in writing to that effect to the contractor and the contractor shall not claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the work in full but which he did not derive in consequence of the foreclosure of the whole or part of the work. The contractor shall be paid at contract rates for the work carried out and amount as certified by the UCIL, but not more than the amount proportionate to the value of balance work.
31	ABANDONMENT OF WORK	In case work is abandoned by the contractor and UCIL is put to the loss by issuing another contract for left out scope of work originally awarded, the Contractor shall pay to UCIL, the difference in the amount of the actual contract value awarded to the new Contractor for the left out work and the amount which would have been paid to him had he not abandoned the work.

32	SHIFT SCHEDULE:	The tenderer has to ask his workmen to follow the prevailing shift schedule of TURAMDIIH MILL if they are put in shift duties otherwise they will be in general shift and will follow the general shift schedule. During round the clock shift operation, off days will be as per shift schedule, off for Sundays and other national holidays are not applicable. The supplier has to ask his workman to follow the prevailing shift schedule at TURAMDIIH MILL. Shift duty or general shift duty for the workman will be decided in consultation with UCIL.
33	MOBILIZATION & DEMOBILIZATION	The contractor shall mobilize the workmen only on the approval of the UCIL. The mobilization time should be maximum one week. Based on the assessment of work from time to time the contractor shall be informed to demobilize the workmen with oral/written notice of One week. UCIL also reserves the rights to demobilize the workmen by paying compensation in lieu of notice period. The contractor should mobilize the selected candidates at least 3 days before the date of commencement of the work.
34	MOBILIZATION ADVANCES	Not applicable.
35	STORAGE	Since maintenance is involved, the contractor has to ensure the availability of basic maintenance materials and tools for day to day use. While bringing the material the contractor has to give one copy of the list of material he is bringing in and a monthly status for the spares used and the balance to UCIL. All materials shall be stored as to prevent deterioration or contamination by foreign matter and to ensure the preservation of their quality and fitness for the work. If the storage arrangement is not to the UCIL satisfaction the UCIL may direct the tenderer to make such arrangement as he considers necessary and in the event of non-compliance, he would reserve the right to make proper arrangements departmentally or through other agencies at tenderers risk and cost.
36	SITE INVESTIGATION	The tenderer should satisfy himself as to the nature and location of the work, transportation, disposal, handling and storage of materials, availability of labour, water, electric power, roads and all other such incidental costs at Turamdih Mill site. Any failure of the tenderer to acquaint himself with all the available information concerning these conditions will not relieve him of the responsibility of estimating properly, the difficulty or cost of successfully performing the work. The tenderer should note that Turamdih Mill Site is located at 5 Km (approx.) from Tatanagar Railway Station on Tata-Hata State Highway.
37	ACCOMMODATION	UCIL may provide limited quarter / residence for the accommodation of Contractors personnel on chargeable basis subject to availability. No land will be made available within the project area for the construction of staff and labour quarters for the contractor.
38	SUPPLY OF ELECTRICITY	The supply of electricity will be made available on chargeable basis, if required for maintenance of COMMUNICATION System.
39	CLARIFICATION	The bidders are advised to get clarification regarding any confusion / ambiguity regarding the tender from the UCIL before submitting the tender.
40	PROVIDENT FUND	It is mandatory for the contractor to pay provident fund to all the employees deployed at UCIL as per applicable rules under this contract.

41	SERVICE TAX	<p>The tenderer should submit Service Tax registration certificate and number along with the offer</p> <p>THE BIDDER SHALL INDICATE IN THE BID THE SERVICE TAX REGISTRATION NUMBER AND IN CASE THE SERVICE TAX REGISTRATION NUMBER IS NOT AVAILABLE, THE BIDDER WILL GIVE CONFIRMATION FOR OBTAINING REGISTRATION WITH A COPY OF APPLICATION FOR REGISTRATION.</p> <p>THE CONTRACTOR LIABLE TO PAY SERVICE TAX FOR THE WORK/ SERVICES RENDERED TO UCIL, SHALL SPECIFICALLY MENTION THE SERVICE TAX REGISTRATION NUMBER IN THEIR INVOICES. FURTHER, THE AMOUNT AND RATE OF SERVICE TAX SHALL BE SEPERATELY AND DISTINCTLY SPECIFIED IN THE INVOICE. FOR PAYMENT OF SERVICE TAX, SERIALLY NUMBERED INVOICE/ BILL SHALL BE ISSUED BY SERVICE PROVIDER AND SHOULD ALSO SPECIFY THE FOLLOWING:</p>	
		i)	THE NAME, ADDRESS AND REGISTRATION NUMBER OF THE SERVICE PROVIDER
		ii)	THE NAME AND ADDRESS OF THE RECEIPT OF THE TAXABLE SERVICE
		iii)	DESCRIPTION, CLASSIFICATION & VALUE OF TAXABLE SERVICE PROVIDED AND;
		iv)	THE SERVICE TAX PAYABLE ON SUCH SERVICES.
42	FORMAT AND SIGNING OF BID	<p>The original and all copies of the bid shall be typed or written in indelible ink (in the case of copies, photocopies are also acceptable) and shall be signed by a person or persons duly authorized to sign on behalf of the bidder. The name and position held by each person signing, must be typed or printed below the signature. All pages of the bid except for un-amended printed literature where entries or amendments have been made shall be initialed by the person or persons signing the bid.</p>	
43	CORRECTION OF ERRORS	<p>The bid shall contain no alterations, omissions, or additions, unless such corrections are initialed by the person or persons signing the bid.</p> <p>Bids determined to be substantially responsive will be checked by UCIL for any arithmetic errors.</p>	
44	SIGNING OF AGREEMENT	<p>UCIL will award the Contract to the successful bidder, who, within 15 days of receipt of the same, shall sign and return the acceptance copy to UCIL</p> <p>The successful bidder shall be required to execute an AGREEMENT in the standard Proforma on non-judicial paper of appropriate value (the cost of stamp paper shall be borne by the Contractor), within 15 days of the receipt by him of the Notification of Acceptance of Tender. In the event of failure on the part of the successful bidder to sign the AGREEMENT within the above stipulated period, the Bid Security shall be forfeited and the acceptance of the tender shall be considered as cancelled.</p>	
45	WORK PRIORITIES	<p>UCIL reserves the right to fix up priorities which will be conveyed to the contractor and the CONTRACTOR shall plan and execute work accordingly</p>	
46	PPE & UNIFORM	<p>The contractor shall supply all Personal Protective Equipment (PPE) like helmets, Safety shoes, hand gloves, safety belts etc. of standard quality to his workmen at his cost as required for carrying out the jobs as specified in the SOR.
