

Specification of 3/2 way solenoid valve

Sl. No.	Description	Parameter
1	Type	Solenoid valve 3/2 way
2	Body material	SS316
3	Port Size	1/4 "
4	Coil Voltage	24V DC
5	Coil Wattage	11Watts or Less
6	Coil Insulation Class	Class H
7	Response Time	10 to 25 mSec
8	Orifice size	2 mm (Min)
9	Operating media	Un-lubricated compressed air
10	Media Temperature	10 deg. above ambient temperature (Max. 55 deg. C)
11	Operating pressure	4 Bar (Nominal), 2Bar (Min.), 6 Bar (Max)
12	Manual Override	Stay put type
13	Protection class	IP65
14	Enclosure	Waterproof metal coated epoxy enclosure (IP67) for outdoor application.
15	Cable entry to enclosure	Through cable gland
16	Accessories	01 no. of Air silencer / stainless steel cap for exhaust port with each unit.
17	Make	Asco, Burket, Gemu, Festo
