

Annexure-1

Technical Specification for Power Supply-O/P-24V DC, 5Amp

| | |
|-----------------------|---|
| Type of Product | Switched Mode Power Supply |
| Output Voltage(V DC) | 24V DC |
| Output Current(Amp.) | 5 Amp |
| Mounting Type | DIN Rail |
| No of Outputs | Single Output |
| Efficiency | 0.875 |
| Load Regulation | $\pm 0.5\%$ |
| Ripple and Noise | 120mVp-p |
| Output termination | $\pm 1.0\%$ |
| Operating Humidity | 20 ~ 90% |
| Storage Humidity | 10 ~ 95% RH |
| Line Regulation | $\pm 1.0\%$ |
| Operating Temperature | -20 ~ 60°C |
| Storage Temperature | -40 ~ 85°C |
| Applications | Industrial control system Factory automation. Electro-mechanical apparatus. |
| Input Frequency | 47-63 Hz |
| Power Rating | 120 W |
| Features | Din Rail Mounted Single Output Power Supply, Universal Ac Input, Short Circuit And Over Load Protection |
