

**Control Valve for Steam Addition**

1	Material Code	Type	Globe Valve - Two port ,Straight way Pattern
	8024303893	Action	Flow regulating valve with throttling action as per input signal
		Line Size	50 NB , ANSI Class 150
		Body Material	A 216 WCB
		Trim	SS 316
		End Flages	Drilled to ANSI 16.B
		Operation	Air to open
		Flow Range	0 - 600 kg/hr
		Line Pressure (input)	0 to 6 kg/Sq.Cm.
		Line Pressure (output)	Free Discharge
		Flow Temperature	120 Deg. C
		Packing Material	Graphite
		Specific Gravity of fluid	1
		Application	Saturated Steam
		Air Pressure	3 kg/sg cm.
		Input Signal	4 to 20 mA
		Fail Safe	Valve closes
		Acessories	Valve positioner with Gauge group
		Make:	Mil.,Forbes Marshall , Instrument Limited,R.K. Controls,Arca controls

Note: L1 will decided including the cost of spares

**Control Valve for Steam Addition**

1	Material Code	Type	Globe Valve - Two port ,Straight way Pattern
	8024303895	Action	Flow regulating valve with throttling action as per input signal
		Line Size	80 NB , ANSI Class 150
