PRICE VARIATION CLAUSE: a) PVC on material cost: i) Price of Burnt Lime will be adjusted on account of changes (increase / decrease) in the cost of Pet coke / Coking coal used by the manufacturer for making the supplied material subject to submission of documentary proof. Documentary proof for these changes shall be copy of invoice cum challan of M/s. Reliance Industries Ltd. for Pet Coke and for coking coal, the invoice cum challan of Coal India Ltd. or its subsidiary. ii) Bidder shall submit a copy of Invoice cum challan of M/s. Reliance Industries Ltd. / M/s Coal India Ltd. or its subsidiary as documentary proof of pet coke price / coking coal price on the basis of which quotation has been submitted. The recent price of Reliance Pet coke / M/s Coal India Ltd. Coking Coal on the date of bid publication shall be submitted by bidder with offer and shall be taken as a basis for PVC calculation. iii) Formula for adjustment of Burnt lime price at the time of supply. a) Basic quoted price of Burnt lime per MT(at the time of offer) + 1 / 4 (increase or decrease of price per MT of Pet coke or Coking coal ). b) Increase / decrease of Pet coke or Coking coal price per MT :- (Pet coke price of M/s. Reliance Industries Ltd or Coking coal price of M/s. Coal India Ltd or its subsidiary at the time of dispatch of Burnt lime) - (Pet coke price per MT of M/s. Reliance Industries Ltd or Coking coal price per MT of M/s. Coal India Ltd or its subsidiary on the date of bid publication.) iv) PVC will not be applied if the change in price of pet coke / coking coal is less than 5% of the previous price. v) The change in the price of material will be applicable on supplies of material made after one week from the date of submission of document of increase / decrease. vi) You should submit once in every month a certificate that there is no downward revision of Pet coke / coking coal price than the billed rate. FOR Example ( only indicative for simplilcity of understading of PVC formula on material cost): Say, Basic quoted price of Burnt Lime is = Rs.4000/- per MT.....(A) Pet coke Price / Coking coal price for the month on the date of bid publication = Rs.10000/- per MT. ....(B) Pet coke price / Coking coal price of the month at the time of dispatch of Burnt lime = Rs,14000/- per MT.....(C) So, Basic price of Burnt lime at the time of dispatch .....(D) :  $D = ( C - B ) / 4 + A = Rs. (14000/- - 10000/- ) / 4 + Rs.4000/- = Rs.5000/-$  (Basic price per MT of material after applying PVC). b) PVC on transportation cost : i) PVC based on variation in price of diesel only will be payable as per the given formula Variation / ton =  $T \times 0.3 \times (P-Q)/Q$  Where, T = Transportation Cost i.e. Freight per MT. P = New Diesel Price as on date of invoice. Q = Base Diesel Price. Base Diesel Price: Shall mean the diesel price on the date of publishing of bid at place of dispatch. ii) Separate bill for claim of PV is to be submitted, if applicable on monthly basis. However, in case of reduction, the same shall be reduced in running progress bills. iii) PVC will not be applied if the change in price of diesel is less than Re.1.00 (Rupee one) per liter on base diesel price. Once PVC is paid, for subsequent PVC calculation, last adjusted price of diesel shall be considered as base diesel price for next calculation and so on. iv) Documentary evidence of HSD price on date and place of dispatch has to be Submitted along with claim of PVC and also with the offer as given in 6(b) (i). FOR Example ( only indicative for simplicity of understanding of PVC formula on transportation cost): Say, quoted basic price of transportation is Rs.3000/- per MT..... (T) Diesel price per liter on the date of publishing of bid at place of dispatch = Rs.90/- .....(Q) New Diesel price per liter as on date of Invoice = Rs.91/- .....(P) So, basic price of transportation per MT at the time of dispatch after applying PVC:-  $= Rs.[3000/- \times 0.3 \times (91 - 90) / 90] + 3000/- = Rs.3010/-$  PVC will be applicable as mentioned above. However during the supply of Burnt lime whatever L1 price (Lowest landed price) will be arrived among the suppliers, shall be considered for making payment against the supplied material irrespective of price indicated in the supplier's invoice.

6) **PRICE VARIATION CLAUSE:**

**a) PVC on material cost:**

i) Price of Burnt Lime will be adjusted on account of changes (increase / decrease) in the cost of Pet coke / Coking coal used by the manufacturer for making the supplied material subject to submission of documentary proof.

Documentary proof for these changes shall be copy of invoice cum challan of M/s. Reliance Industries Ltd. for Pet Coke and for coking coal, the invoice cum challan of Coal India Ltd. or its subsidiary.

ii) Bidder shall submit a copy of Invoice cum challan of M/s. Reliance Industries Ltd. / M/s Coal India Ltd. or its subsidiary as documentary proof of pet coke price / coking coal price on the basis of which quotation has been submitted. **The recent price of Reliance Pet coke / M/s Coal India Ltd. Coking Coal on the date of bid publication shall be submitted by bidder with offer and shall be taken as a basis for PVC calculation.**

**iii) Formula for adjustment of Burnt lime price at the time of supply.**

- a) Basic quoted price of Burnt lime per MT(at the time of offer) + 1 / 4 (increase or decrease of price per MT of Pet coke or Coking coal).
- b) Increase / decrease of Pet coke or Coking coal price per MT :- (Pet coke price of M/s. Reliance Industries Ltd or Coking coal price of M/s. Coal India Ltd or its subsidiary at the time of dispatch

h of Burnt lime) - (Pet coke price per MT of M/s. Reliance Industries Ltd or Coking coal price per MT of M/s. Coal India Ltd or its subsidiary on the date of bid publication.)

- iv) PVC will not be applied if the change in price of pet coke / coking coal is less than 5% of the previous price.
- v) The change in the price of material will be applicable on supplies of material made after one week from the date of submission of document of increase / decrease.
- vi) You should submit once in every month a certificate that there is no downward revision of Pet coke / coking coal price than the billed rate.

**FOR Example ( only indicative for simplilcity of understading of PVC formula on materi al cost):**

Say, Basic quoted price of Burnt Lime is = Rs.4000/- per MT.....(A)

Pet coke Price / Coking coal price for the month on the date of bid publication =  
Rs.10000/- per MT. ....(B)

Pet coke price / Coking coal price of the month at the time of dispatch of Burnt lime =  
Rs,14000/- per MT.....(C)

So, Basic price of Burnt lime at the time of dispatch .....(D) :

$$D = ( C - B ) / 4 + A$$

$$= \text{Rs. } (14000/- - 10000/-) / 4 + \text{Rs.}4000/-$$

$$= \text{Rs.}5000/- \text{ (Basic price per MT of material after applying PVC).}$$

**b) PVC on transportation cost :**

- i) PVC based on variation in price of diesel only will be payable as per the given formula :

$$\text{Variation / ton} = T \times 0.3 \times (P-Q)/Q$$

Where, T = Transportation Cost i.e. Freight per MT.

P = New Diesel Price as on date of invoice.

Q = Base Diesel Price.

Base Diesel Price: Shall mean the diesel price on **the date of publishing of bid** at place of dispatch.

- ii) Separate bill for claim of PV is to be submitted, if applicable on monthly basis.

However, in case of reduction, the same shall be reduced in running progress bills.

- iii) PVC will not be applied if the change in price of diesel is less than Re.1.00 (Rupee one) per liter on base diesel price. Once PVC is paid, for subsequent PVC calculation, last adjusted price of diesel shall be considered as base diesel price for next calculation and so on.
- iv) Documentary evidence of HSD price on date and place of dispatch has to be Submitted along with claim of PVC and also with the offer as given in 6(b) (i).

**FOR Example ( only indicative for simplilcity of understading of PVC formula on transpo**

**rtation cost):**

Say, quoted basic price of transportation is Rs.3000/- per MT..... (T)

Diesel price per liter on the date of publishing of bid at place of dispatch

= Rs.90/-.....(Q)

New Diesel price per liter as on date of Invoice = Rs.91/- .....(P)

So, basic price of transportation per MT at the time of dispatch after applying PVC:-

= Rs.[3000/- x 0.3 x (91 - 90) / 90] + 3000/-

= Rs.3010/-
