

9387

Annexure-4

Specification for Emergency Stop Button	
Product	Emergency Stop Button Switch with collar and 1 NC auxilliary contact size 22.5 mm
Connections	on screw connections and non losable plate lamp, 2.5 sq mm max
Contact Operation	Self Cleaning Type, slow action, positive opening
Size	22 mm
Operation Frequency	3600 operations per hour
Utilisation Category	AC 15 (DC 13)
Initial Contact Resistance	$\leq 25$ mega ohm
Minimum Insulation Resistance	2 mega ohm at 500 VDC
Dielectric Strength	2.5 kV for one Minute
Application	Industrial
IP Rating	IP 65
Ref Standard	IEC 947-5-1
